Dear Sir/Madam,

I am particularly interested for the career that you offered on Glints that your company is actively seeking to hire quality individuals for IT Fresh Graduate.

I graduate in Information Technology from the Tarumanagara University in 2021. The course that I have completed until now have equipped me with a strong foundation in both organizational and interpersonal skills. In addition to my strong education background, I'm also well organized, dedicated to work hard, disciplined, reliable, willing and happy to learn, strong motivation, good attitude, and creative approach to problem solving. I am also able to work independently and can work under pressure and deadline.

I also have work experience for about 6 months in Tarumanagara University as Fullstack Developer. I believe that this position would be an excellent opportunity for me to gain more experience and to contribute more to your company.

Here is also attached my CV, Transcript Score and Letter of Graduation

I look forward to hearing from you. Thank you for your time and consideration.
