Communication

Executive Summary

I am fully-committed to look for experiences in organizations. Passionate about building impactful product. Always eager to learn and practice all there is about developing software product. I am able to work independently and as part of a team.

Working Experience

Apple Developer Academy @ BINUS Feb 2020 - Dec 2020
- Bacain

I work as an engineer. I wrote the app using SwiftUI. My role in the project is designing the front-end and set up a local storage.

- Buynana

We are using UIKit and Machine Learning. We train the model by ourself. I was assigned to process the data we get from machine learning.

For details, feel free to check it on my [Linked In](#) and [Github](#).

IGBS.tv Aug 2018
