Kasus kekerasan seksual makin meningkat
Catatan Akhir Tahun Komnas Perempuan yang diterbitkan pada kuartal pertama tahun 2020 melaporkan bahwa jumlah kekerasan seksual selama tahun 2019 mencapai 432.471 kasus. Komnas Perempuan juga membuktikan bahwa kasus kekerasan seksual naik sebanyak 792 persen selama 12 tahun terakhir.

Banyak korban kekerasan seksual adalah anak perempuan
Komnas Perempuan juga mencatat adanya peningkatan kasus kekerasan seksual terhadap anak perempuan. Pada tahun 2018, kasus kekerasan tipe ini berjumlah 1417 kasus. Namun tahun lalu, jumlahnya mencapai 2341 kasus atau mengalami kenaikan 65%, dengan bentuk kekerasan paling banyak adalah incest (770 kasus), dan diikuti dengan pelecehan seksual (571 kasus).

Korban kekerasan seksual butuh perlindungan
Permasalahan utama yang sering dialami oleh keluarga korban atau saksi kunci korban kekerasan seksual adalah mereka sering mendapatkan ancaman atau bahkan kekerasan untuk membungkam kesaksian mereka. RUU PKS tidak hanya melindungi korban kekerasan langsung, tapi juga memberikan perlindungan bagi keluarga korban dan saksi yang ingin memberikan kesaksian mereka selama proses hukum.

Korban kekerasan seksual memerlukan payung hukum yang memberi rasa keadilan
Definisi kekerasan seksual yang lebih luas dalam RUU PKS akan mampu menjangkau para pelaku yang selama ini lolos dari hukum hanya karena tindakan mereka tak memenuhi unsur legalitas sebagai tindak pidana.
