Personal Profile

Hi! I'm Aris, I'm a graphic designer born in little town near the Central Jakarta, I got my Bachelor degree in Communication Design Visual at YAI of Central Jakarta in 2011. My work focused mostly on user interface, digital art, and media visual. I would like to have career to expand my experience. My personality as a hard worker and fast learner type of person would bring benefit to your company. I will be very appreciated if you could give in opportunity to work in your company. Herewith I enclose my curriculum vitae and portofolio, which will give details of my qualification. I hope my qualifications and experience merit your consideration and look forward to your reply.
